Entertainment

Workshops

Creative Fairies celebrates individuals by offering fun, well-organised workshops to unleash the creative potential of children, teenagers and adults. Taught by our university degree artists, performers and early childhood specialists in a fun-focused, engaging environment, we offer a variety of innovative, creative experiences. Children, teenagers, mums and dads always have fun engaging in our creative activities! Learn face painting, balloon sculpture or creative pursuits that will spark imaginations.

Our custom programs for your preschool, community centre, school, festival or organisation will provide lots of fun!

We remove the stress, and allow you to be part of a well organised fun and innovative program.

Book Creative Fairies now for your next event.

Choose from a variety of workshops to suit your timeframe and theme.

“yes it was a really lovely
"arvo of fun!" and you
were great with the kids.”

*Lexington Fun Day
Joanne Randwick Council*

We would be delighted to create a custom event for you.
